Data Analyst | +917887760996 | vipulrale10@gmail.com | Mumbai | My Website

SUMMARY

I am a Data Analyst equipped with strong skills in SQL, Python, and data visualization tools such as Power BI and Excel. With a solid foundation in exploring and analyzing data, I excel at cleaning and preparing datasets for insightful analysis. My experience includes collaborating on analytical projects that drive business decisions and support sales strategies. I am eager to contribute to impactful data projects in dynamic environments

EXPERIENCE

Data Analyst Intern

JK International Traders

06/2025 - 10/2025 On-Site

A trading company focused on international markets

- Processed and standardized a dataset of over 65,00,000 rows.
- Performed data cleaning and preparation on large sales datasets to ensure accuracy and reliability.
- Generated actionable insights through data analysis to identify trends and opportunities in the African markets.
- Supported sales growth strategies by providing data-driven recommendations for export of confectionery items.
- Developed and maintained Power BI dashboards to visualize revenue trends, customer mix, and monthly performance.
- Assisted in the implementation of an advanced TASK MANAGEMENT SYSTEM, ensuring smooth adoption across the company.
- Trained and guided employees on using the new system effectively.
